Task One – Questionnaires – 15 minutes

1. There are three questionnaires to complete:
 1. Aspirations
 2. Priorities
 3. Study Interests

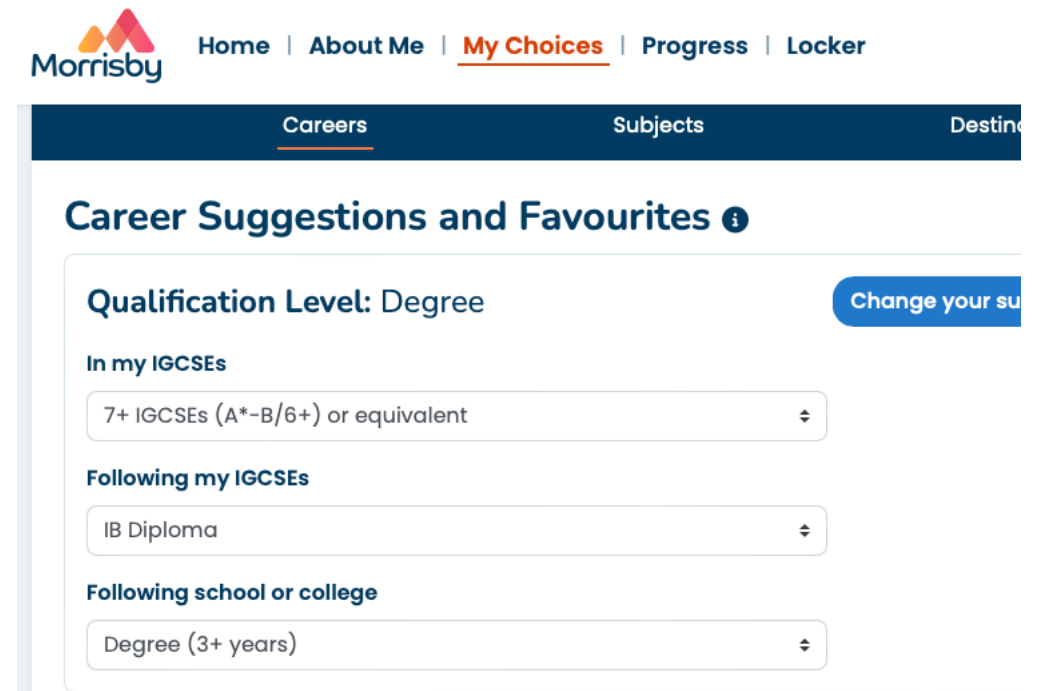

The information in Morrisby learns from your answers, and is only as good as the information you give it. Answer the questions carefully and honestly.

Once you have finished, you can explore your answers in the 'About Me' section.

Task Two – Careers – 15 minutes

1. Now go to 'My Choices' and add these answers (see picture on right).
2. Explore the careers suggested. If you like the suggestion, save it (heart icon). If you don't, bin it! Morrisby will learn from your choices and make better suggestions.

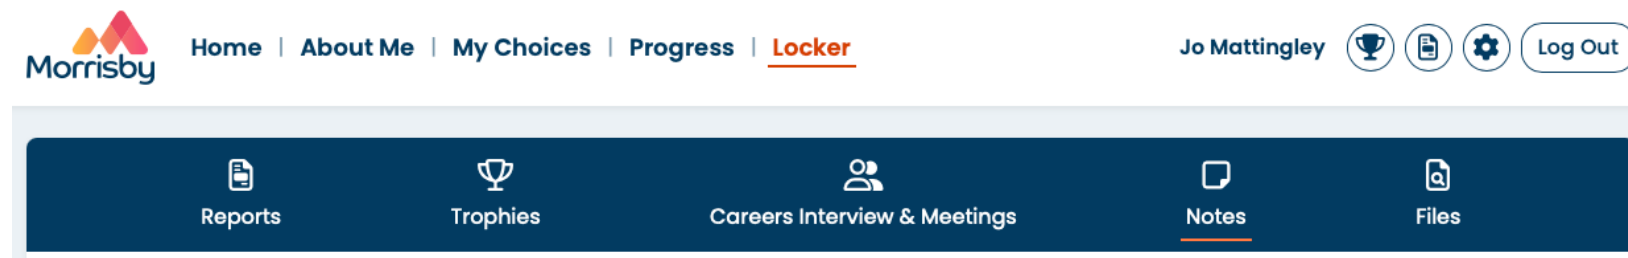

The screenshot shows the Morrisby website interface. At the top, there is a navigation bar with the Morrisby logo and links for Home, About Me, My Choices (highlighted), Progress, and Locker. Below this is a dark blue header with tabs for Careers (selected), Subjects, and Destinations. The main content area is titled 'Career Suggestions and Favourites' with an information icon. Underneath, there are three sections for filtering career suggestions based on qualification level:

- Qualification Level: Degree** (with a 'Change your su...' button)
