The Extraordinary Education of Nicholas Benedict

Before the Mysterious Benedict Society, there was just a boy named Nicholas Benedict.

Nine-year-old Nicholas Benedict has more problems than most children his age. Not only is he an orphan with an unfortunate nose, but also he has narcolepsy, a condition that gives him terrible nightmares and makes him fall asleep at the worst possible moments. Now he's sent to a new orphanage, where he encounters vicious bullies, selfish adults, strange circumstances -- and a mystery that could change his life forever. Luckily, he has one important thing in his favour - he's a genius.
