

Exam Boards for IGCSE and GCSE

'Exam boards' are the UK-based organisations that are responsible for the IGCSE and GCSE programmes we follow at Dulwich College (Singapore). Each exam board designs and publishes the relevant syllabus, and is responsible for the setting and assessment of exams. At the end of the course, the exam board provides a certificate showing the grade that the student has been awarded in the subject studied.

Each curriculum area chooses the exam board that is most appropriate for our students in our context. The exam boards used at Dulwich College (Singapore) can be found below.
